Dubai based Architect | Project Architect with 6 years of professional experience and 40+ projects delivered across residential, commercial, and fit-out sectors. Specialist in UAE authority approvals (Dubai Municipality, DCD, DDA, Trakhees, DEWA, Nakheel, Emaar), BIM coordination, and end-to-end project delivery from concept through handover.

CORE COMPETENCIES

Architectural Design

Concept · Schematic · Design Development · Construction Documentation

Project Delivery

Tender Documentation · BOQ · Material Coordination · Site Coordination · Handover

Project Management

Client Coordination · Consultant Coordination · Contractor Coordination · Project Schedule & Programme Control · Quality Control

Authority Approvals

Dubai Municipality · DCD · DDA · Trakhees · DEWA · Nakheel · Emaar

BIM & Visualization

Revit · Navisworks · AutoCAD · SketchUp · V-Ray · Enscape · Lumion · Blender

PROFESSIONAL EXPERIENCE

Project Architect | Aram Building Contracting LLC · Dubai, UAE

Aug 2024 – Present

- ▶ Led architectural projects end-to-end, from initial brief and concept development through construction completion and handover.
- ▶ Coordinated with Structural, MEP, and other engineering disciplines to ensure integrated, clash-free designs.
- ▶ Produced comprehensive construction documents, detailed drawings, and site execution packages for residential and commercial schemes.
- ▶ Prepared and submitted authority approval packages to Dubai Municipality, Trakhees, DDA, DCD, DEWA, Nakheel, and Emaar, ensuring full regulatory compliance.
- ▶ Developed detailed Bills of Materials (BOM) and coordinated with vendors, contractors, and specialist consultants.
- ▶ Curated and specified materials, finishes, and design elements in alignment with project budgets and client briefs.
- ▶ Engaged directly with clients to present design solutions, incorporate feedback, and maintain strong professional relationships.
- ▶ Conducted regular site inspections and resolved design and execution issues to maintain compliance with approved drawings, specifications, quality standards, and project schedules.

Project Coordinator | Aspirify Interiors Decoration LLC · Dubai, UAE

Aug 2022 – Jul 2024

- ▶ Designed residential schemes with a focus on functionality, client aspirations, and contemporary aesthetics.
- ▶ Prepared complete construction drawing sets plans, elevations, sections, and details for accurate site execution.
- ▶ Produced photorealistic 3D visualisations using SketchUp, V-Ray, and Blender to support design presentations and client approvals.
- ▶ Collaborated closely with the principal architect throughout schematic and design development phases.

Architect | Arabian Construction and Agencies · India

Jan 2022 – Jul 2022

- ▶ Assisted in the design, planning, and coordination of residential construction projects.
- ▶ Prepared CAD drawings, 3D models, and rendered visualisations to support project documentation.
- ▶ Ensured design quality and adherence to client requirements at each project milestone.
- ▶ Gained practical exposure to site workflows, project scheduling, and interdisciplinary team coordination.

Intern Architect | Akbari Hussain Akbari Architect · Chennai, India

Sep 2021 – Dec 2021

- ▶ Collaborated with senior architects to develop design solutions from concept through schematic design.
- ▶ Prepared architectural drawings and technical documentation for construction and authority submissions.
- ▶ Generated realistic 3D visualisations and presentation materials to support client approvals and design reviews.

- ▶ Assisted senior architects in developing schematic and design development packages in line with client requirements.
- ▶ Produced accurate architectural drawings plans, elevations, sections, and construction details for project execution.
- ▶ Created high quality 3D renderings and visual presentations to communicate design concepts to clients and stakeholders.

TECHNICAL SKILLS

Design & BIM	AutoCAD, Autodesk Revit, Navisworks, SketchUp, V-Ray, Enscape, Lumion, Blender
Project & Documentation	Construction Documentation, BOQ Preparation, Tender Documentation, Material Submittals, Authority Submissions, Site Coordination
Software	MS Office, Oracle Primavera P6
Graphic & Presentation	Adobe Photoshop, Illustrator, InDesign, Lightroom
UAE Authority Portals	Dubai Municipality, Trakhees, DDA, DCD, DEWA, Nakheel, Emaar — Authority Approval & NOC Coordination
Project Skills	BOQ Preparation, Material Sourcing, Vendor Coordination
Soft Skills	Client Communication, Design Presentation, Team Collaboration

EDUCATION

Building Information Modelling for Architects

CADD International · Dubai, UAE · 2025

Bachelor of Architecture (B.Arch)

AMS Academy of Architecture · Chennai, India · 2017 – 2022

Higher Secondary Certificate (HSC)

Tansri Ubaidullah Matriculation Higher Secondary School · India · 2015 – 2017

CERTIFICATIONS & PROFESSIONAL CREDENTIALS

- ▶ Project Management Professional (PMP) — PMI (Preparing)
- ▶ Agile Project Management — Certification
- ▶ Dubai Municipality – G+1 Qualification (Preparing)
- ▶ Dubai Civil Defence – Delegate License
- ▶ SOE UAE – Registered Member
- ▶ Building Information Modelling for Architects — CADD International
- ▶ Autodesk Revit Architecture — Certification
- ▶ Autodesk Navisworks — Certification

UAE AUTHORITY & APPROVAL EXPERIENCE

Dubai Municipality (DM)

- ▶ Building permit / architectural submissions
- ▶ Drawing compliance, authority comments and revisions

Dubai Civil Defence (DCD)

- ▶ Fire & Life Safety coordination
- ▶ Authority submissions and approval coordination

Dubai Development Authority (DDA)

- ▶ Authority submission and approval coordination

Trakhees

- ▶ Authority submission and approval coordination

Master Developers — Nakheel & Emaar

- ▶ Developer side approval coordination on large-scale and master developer projects

SELECTED PROJECT EXPERIENCE

1. Goshi warehouse – Multiple shops

- ▶ Role: Project Architect— Full Retail Fit-Out
- ▶ Scope: End-to-end interior fit-out of multiple retail shop units within the development
- ▶ Authorities: Dubai Municipality, Dubai Civil Defence, Landlord Approvals
- ▶ Outcome: Completed all works on schedule; achieved zero snagging defects at handover

2. SHARIF STAR Real Estate Office –Binary Building Dubai

- ▶ Role: Project Architect — Commercial Office Fit-Out
- ▶ Scope: Full interior fit-out of a commercial office environment including MEP coordination and design production
- ▶ Authorities: Dubai Municipality, Relevant Landlord Authority
- ▶ Outcome: Successfully delivered the project in accordance with client requirements, quality standards, and project programme.

3. Multi-Site Retail & F&B Portfolio – Emaar / Omniyat / TECOM

- ▶ Role: Project Architect (Concurrent Projects)
- ▶ Scope: Managed simultaneous authority approvals and fit-out delivery across DM, DCD, Trakhees, DDA, Emaar, TECOM, MERAAS and Omniyat
- ▶ Outcome: Zero permit delays across all delivered projects; cumulative project value AED30 million

KEY ACHIEVEMENTS

- ▶ 40+ residential, commercial, and fit-out projects delivered across the UAE and India over 6 years, managed from concept through completion.
- ▶ Full project lifecycle ownership concept design, design development, tender documentation, BOQ preparation, authority approvals, site coordination, and handover.
- ▶ Extensive experience coordinating approvals across Dubai Municipality, Trakhees, DDA, DCD, DEWA, Nakheel, Omniyat and Emaar.
- ▶ Developer side exposure through Nakheel and Emaar approval processes, supporting large-scale and master developer projects.
- ▶ Coordinated closely with Structural, MEP, Interior Design, and other engineering disciplines to deliver integrated, clash free designs.
- ▶ Produced high-quality 3D visualizations and photorealistic renderings using SketchUp, V-Ray, Blender, Enscape, and Lumion for client presentations.
